Data & Databases	SQL, PostgreSQL, MySQL, SQL Server, database maintenance, data entry and verification, data organization
Tools & Productivity	Git/GitHub, Microsoft Excel, Google Sheets, Microsoft Office, AI productivity tools, technical documentation
Professional	Technical training, customer support, testing, problem-solving, teamwork, attention to detail, time management

PROFESSIONAL EXPERIENCE

ICT Head / ICT Support

Seven Star Health Science and Business College | Addis Ababa, Ethiopia | May 2025 – Present

- Support daily ICT operations, including computer labs, user devices, software, and related infrastructure.
- Install, configure, maintain, and troubleshoot hardware and software; help staff and users resolve technical issues.
- Support software systems and data handling, maintain technical documentation, and communicate issues and resolutions clearly.
- Assist with user guidance and training to improve effective and responsible use of ICT tools.

Data Encoder / Data Management

Seven Star Health Science and Business College | Addis Ababa, Ethiopia | Dec 2023 – May 2025

- Entered, checked, and organized records with attention to accuracy, consistency, and deadlines.
- Used spreadsheets and office tools to support data management, record maintenance, and reporting.
- Helped maintain clear documentation and identify incomplete or inconsistent data for correction.

Software Development & Technical Training

Practical training and collaborative development projects

- Practiced web and application development, API development, software testing, debugging, and data handling.
- Collaborated on technical tasks and applied structured problem-solving to development and troubleshooting activities.

PROJECTS

FixMyCampus — Qiyas-AAU Hackathon 2026 (FSSD)

Service management platform concept connecting clients and workers with a focus on informal work opportunities while also supporting formal services.

SSMS API — Service Management System API

ASP.NET Core API project involving REST endpoints, user/job workflows, service categories, and PostgreSQL database integration.

Full-Stack Software Development Practical Work

Practical work in website and application development, testing, troubleshooting, data handling, and collaborative development.

EDUCATION

B.Sc. in Computer Science

Bonga University | Bonga, Ethiopia | 2020 – 2023

Additional schooling: Ebinat Preparatory School, Ebinat Secondary School, and Ebinat Primary School.

CERTIFICATION & LANGUAGES

Certification	Responsive Web Design
Languages	Amharic, English
